

Emerald 183 - Features & Benefits

Computer Sewing Machine

Computer functions save time and make your sewing machine easy to use. Select a stitch and the best stitch settings, such as length, width are set automatically by the computer. Settings can be adjusted as needed. All important information is shown in the Infodisplay.

Infodisplay

For everything you need to know to sew. See your stitch before you sew it, recommends presser foot, and more for easy sewing.

83 Stitches and stitch functions

Utility stitches for sewing and mending, tri-motions stitches for knits and reinforcing, and decorative stitches for creative projects.

Adjustable stitch length and width

For specialty sewing you can set stitch width from 0 to 7 mm and stitch length up to 4.5 mm for forward sewing and 3 mm for reverse sewing.

Built-In Sewing Guide Reference Chart

Refer to your built-in Sewing Guide Reference Chart for recommended presser foot, stitch length and stitch width for your fabric type and weight.

One-step buttonhole

Quick and easy repeatable buttonholes with snap on one-step buttonhole foot.

Program up to 80 stitches, letters, and/or numbers into 4 Memories, 20 stitches per memory

Save your favorite stitch sequences for future use in one of the 4 memories.
